2 STRAP

ABOUT 2STRAP

Conceptualized in year 2018, we started with the primary purpose of making the lives of regular traveller's easy. Today, we believe that we are dealers of not just Travel Gear but also a promise of style, utility, and quality. We engineer products for those commuters who wants to stand out; we design products for the style icons who wants to accommodate all their essentials in one place, and for everyone who wants to carry their world along with them. At the end of the day, we like to be known as someone who creates products that epitomise hassle-free travel, strength, and fashion in every way.

Something for everyone every age, every preference, every need, and every purpose; our greatest strength would be summarised in these words. We take pride in the fact that we engineer bags that would please everyone and disappoint none. With good consideration and attention to all the different professions, requirements, and age brackets that need our products from time to time, we value our work and its power.
